

Sea Swift is a locally owned and operated marine freight and logistics provider servicing Northern Australia and surrounding regions, including Far North Queensland, Cape York Torres Strait communities, coastal islands and commercial fishing fleets.

With over three hundred employees, Sea Swift is setting shipping standards through local knowledge, resources and efficiency practices.

We are currently seeking expressions of interest for the following position.

DIESEL FITTER – FIFO

Based in Cairns and working FIFO Horn Island workshop, this position's main function is to provide diesel fitting and mechanical services and repair work on the Company's plant and equipment.

Responsibilities include:

- Repair, maintain and service company vehicles, forklifts and other plant and equipment
- Tune diesel and petrol engines
- Effectively develop job plans to meet or exceed agreed standards
- Produce accurate job worksheets
- Dismantle, repair or replace parts as required and accurately reassemble components
- Maintain awareness of and compliance with the Company's health and safety policies and procedures to maintain a safe working environment

Role will involve FIFO on roster to meet operational requirements. The roster is currently 3 weeks Horn Island workshop, 1 week Cairns workshop.

The successful applicant will be trade qualified and ideally have experience living and/or working in a remote area and maintain a valid driver's license and forklift licence. Knowledge of the marine or logistics industry will be highly regarded.
