

Your vehicle must be

# Biosecurity Clean

to travel to Groote Eylandt or Bickerton Island

Groote Eylandt and Bickerton Island are free from many invasive pests and weeds that are common on mainland Australia.

Anindilyakwa Land Council biosecurity staff check all vehicles, boats, trailers and other equipment travelling to Groote and Bickerton Island, and will refuse entry to any vehicle or item that carries a biosecurity risk.

Your vehicle will be **refused entry** and sent back at your cost if any biosecurity risks are found.

## For More Information

**Visit** [anindilyakwa.com.au/land-sea/quarantine-and-biosecurity](http://anindilyakwa.com.au/land-sea/quarantine-and-biosecurity)

**Call** 08 8987 6703

**Your vehicle must be thoroughly cleaned and free from:**

Dirt and mud

Weeds, seeds and  
organic matter

Live insects

Plants

Animals

Standing water  
that could harbour  
mosquitoes

**Inspect the car thoroughly, including inside, around and under the vehicle. Be sure to check:**
