

# important update for Sea Swift customers

## **NOTICE: SEA SWIFT SPONSORSHIP PROGRAM 2026/2027 OPENING SOON**

Sea Swift is proud to be Northern Australia's most trusted and valued shipping partner. We are committed to supporting the communities we serve by contributing to local events and initiatives that enhance quality of life, promote economic development, and support the continuity of remote arts and culture.

Each year, we receive a high volume of sponsorship and freight assistance applications from individuals, organisations, and community groups across the regions we service.

We would like to advise that the Sea Swift Sponsorship Program for the 2026/2027 financial year will soon open. Please note that this is the only period each year during which Sea Swift accepts applications for sponsorship and freight assistance.

**Applications will be accepted between 1 July 2026 and 30 September 2026. All submissions will be assessed against our sponsorship criteria, and we strongly encourage applicants to review these guidelines carefully prior to submitting an application to ensure timely assessment.**

Further information, including eligibility requirements and the application process, can be found on our website: [Sea Swift](#). Applications must also be submitted via the website.

While we value the interest and effort of all applicants, the volume of requests received each year means we are unable to support every event or initiative. Nevertheless, we sincerely appreciate your interest in partnering with Sea Swift.

We look forward to our continued partnership with the communities and, to celebrating the diversity, strength, and culture of remote and First Nations communities across Northern Australia.

Should you have any questions, please contact our Customer Service Team on 1800 424 422 or via email at [customerservice@seaswift.com.au](mailto:customerservice@seaswift.com.au).
